

Candidate History

Previous Elected Offices:

Delegate, House of Delegates, American Bar Association

Which Years Did You Serve:

2009 - 2010

Have you ever received an endorsement from Progressive Maryland?

YES OR NO

If Yes, when:

Have you ever assisted Progressive Maryland in achieving its goals?

YES OR NO

Describe:

I have worked in progressive politics for over a decade to further our shared values, including working on progressive campaigns in Maryland and as an aid at the DNC and to Hillary Clinton as well as serving on the boards of the state and county Young Democrats.

Major Endorsements (Elected Officials/Organizations/Opinion Leaders):

House Majority Leader Kumar Barve, former Democratic National Committee Chair Terry McAuliffe, and about to announce several Delegates later in May

Issue Questions

1. The minimum wage no longer guarantees a full-time worker enough to support a family without public assistance. Currently at least seven states and the District of Columbia have minimum wages above \$8.00/hr. Do you support raising the state minimum wage to \$8.50, which would fall just short of the rate in Washington State, which is the highest in the country?

YES OR NO

Comments:

2. If the minimum wage had been indexed to inflation when it was last set in Maryland, it would be over \$9.00 an hour now, allowing working families across the state to keep up with the rising cost of living. Do you support indexing the state minimum wage to the rate of inflation?

YES OR NO

<p>Comments:</p> <p>It is imperative that the minimum wage be indexed to inflation to ensure that a worker's effective pay is not cut solely due to legislative inaction.</p>	
<p>3. There is a serious concern that the state's economic development subsidies (i.e. direct grants, special tax districts, tax abatements, state revenue bonds, etc.) go to companies which ultimately take more in state aid than they return in the tax base by creating poverty wage jobs which require their employees to use public assistance. Do you support requiring companies which receive economic development subsidies to create good jobs that pay a prevailing wage with benefits as embodied by SB785/HB1317?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>The state should support companies that pay good wages, especially during a recession. Any company that receives economic development subsidies should be required to pay its workers a prevailing wage with livable benefits.</p>	
<p>4. Do you support extending collective bargaining rights to any company which receives economic development subsidies from the state of Maryland, allowing the workers their right to decide if they would like to join a union or not?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>The workers of all companies that receive economic development subsidies should have the right to attempt to join a union if they so desire.</p>	
<p>5. The skyrocketing cost of campaigns gives wealthy individuals and large corporations too much power in deciding who gets elected in Maryland. These same moneyed interests enjoy privileged access in Annapolis after the election on account of their campaign contributions. According to a recent Gonzales poll, 70% of Marylanders favor enacting a voluntary public campaign finance system. Do you support enacting a voluntary public campaign finance system for Maryland General Assembly races that is similar to systems enacted in Maine, Arizona and Connecticut and embodied in the SB681 legislation?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>I strongly support efforts to establish a broad public campaign finance system.</p>	
<p>6. Maryland current sales tax law was instituted decades ago when sales of goods were the overwhelming majority of the economy. Today, the majority of sales transactions are for services rather than goods, yet Maryland receives no sales tax from the purchase of services; disadvantaging retailers and manufacturers. Do you support modernizing Maryland's sales tax law to fit our current service economy?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO

<p>Comments:</p> <p>It is appropriate for a sales tax to cover services as well as goods, but we should not necessarily have the same sales tax rate for services as we do for goods. I support a commission studying the issue so that any establishment of a sales tax does not significantly hurt business.</p>	
<p>7. Thanks to ever more loopholes created by corporate accountants, one third of the biggest corporations in the state no longer pay a single penny in state income tax, even though under current law profitable firms are supposed to pay an 8.25% state income tax. Combined reporting closes most of these loopholes and is law in 23 states. Do you support a bill that would require "Combined Reporting" of all related companies like HB584?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>Too many corporations work in Maryland and enjoy state services without paying their fair share. Ensuring that multi-state corporations are not able to hide revenues earned in Maryland will recover millions in taxes each year— estimates range from \$150 million to \$270 million annually. If elected, I will make enacting combined reporting one of my top priorities in the General Assembly.</p>	
<p>8. In contrast to tax loopholes invented by accountants, there are also intentional tax breaks for various special interests in the form of special exemptions to the income tax, sales tax, excise tax, franchise tax, etc. In 2004 the Progressive Maryland Education Fund identified dozens of such tax breaks that benefit polluters, monopolists, even country clubs and that drain \$162 million per year from General Revenue. Perhaps some of these intentional tax breaks served an economic development purpose at one time, but too many now are just General Revenue giveaways to special interests. Do you support abolishing as many of these tax giveaways as possible?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>Unnecessary tax breaks are especially wasteful during our current economic troubles and budgetary woes. While I believe some tax cuts may be economically useful, we should only offer tax breaks that will actually help stimulate the economy and guarantee that all Marylanders' boats are lifted by a rising economic tide.</p>	
<p>9. This year the General Assembly allowed the surcharge on income above \$1 million dollars to sunset while cutting funding for many vital programs for working families. Do you support reinstating the surcharge on income above \$1 million dollars and making it permanent like in HB1177?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>I believe that progressive taxation is necessary for the growth and sustainment of a strong and vibrant middle class. I would also support indexing the \$1 million surcharge to inflation, thereby ensuring that middle class households are not eventually hit by this surcharge.</p>	
<p>10. Currently, eligibility for public pre-kindergarten in Maryland is set at 185% of federal poverty guidelines (\$33,874 for a family of three). Data demonstrate that pre-K is tremendously effective in closing the education achievement gap. Within your first two years in office, will you support raising the pre-K eligibility limit to 250% of federal poverty guidelines (\$45,775 for a family of three)?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO

<p>Comments: A child should not be denied the opportunity for pre-kindergarten because his or her family is poor.</p>	
<p>11. Currently many local school boards, municipalities, community colleges, local governments and other public entities do not provide for collective bargaining rights for their employees. Do you support a public employee collective bargaining law covering all public employees in the state of Maryland, such as in Oregon, allowing all public sector workers their right to decide if they want a union or not?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: Unions are the backbone of our state's economy. It is wrong to deny the benefits of unionization to state employees.</p>	
<p>12. Do you support recognition of a union for employees of any public entity provided the union submits independently-verified authorization cards signed by a majority of eligible members?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I strongly support card check.</p>	
<p>13. When a recognized union negotiates a contract for better wages and benefits for its members, non-union members within that collective bargaining unit get to vote and enjoy all the benefits of the union's negotiation without contributing to the union. Lawmakers fixed this problem for state employees in 2009 when they enacted the Fair Share Act. Do you support extending this same requirement to all public entities covered in a collective bargaining unit?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: Anyone who benefits from a union contract should not be able to free ride on the efforts of others.</p>	
<p>14. Currently the state of Maryland covers 100% of the pension costs for teachers and educational support staff for all localities across Maryland. The state Senate supported shifting some of the cost to county and city governments which are already facing daunting budget deficits and cannot afford this new expenditure. Do you oppose shifting some or all of the pension costs of teacher and educational support staff to the localities?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: Shifting pensions to localities would needlessly increase the budgetary woes of our counties and municipalities, prompting higher tax rates and fewer services. The General Assembly should not foist its pension responsibilities off on others but should take action to address the pension problem the next legislative session.</p>	

<p>15. The existing Maintenance of Effort law dealing with a minimum level of local funding for public education is intended to reinforce the shared responsibility between the state and counties for adequate funding of our public schools, which has helped Maryland's public schools achieve the top ranking in the country. Do you oppose efforts to reduce or weaken the minimum funding requirement?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I oppose efforts to weaken the Maintenance of Effort law, which is an important deterrent to local governments contemplating cutting education funding. I did support granting a waiver to Montgomery County for this year due to the current extraordinary economic conditons.</p>	
<p>16. Any proposal that would drain public funds from public schools, for example, school vouchers or tuition tax credits would be deleterious to Maryland's top ranked public schools. The program known as <u>Building Opportunities for All Students and Teachers (BOAST)</u> is a tuition tax credit program that the General Assembly has considered in recent years. Do you oppose enacting a tax credit program like BOAST?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I strongly oppose BOAST and all other efforts to weaken our excellent public schools.</p>	
<p>17. WMATA has provided rail transportation in Maryland since the late 1970s. While the system has been stressed lately, it has generally provided well run service since its inception and its workers are paid decent wages with benefits. Some have suggested operating the proposed light rail "Purple Line" as a state or privately run line without integrating it into the WMATA system or ensuring its workers continue to enjoy decent wages and benefits. Do you support integrating the proposed light rail "Purple Line" into the WMATA system?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: WMATA has proven to be an overwhelming success because it is possible to ride from Silver Spring to Vienna within a single system. Keeping the Purple Line separate from WMATA will deter people from riding public transportation.</p>	
<p>18. In the 2010 General Assembly session, a bill would have extended basic collective bargaining rights to library employees in all counties who do not currently have these rights. Do you support a bill like <u>SB225/HB881</u> to extend collective bargaining rights to library employees in all counties, allowing the library employees their right to decide if they want a union or not?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p>	
<p>19. Project Labor Agreements have been proven time and time again to bring in projects on time and on budget but they also have the added benefit of building community partnerships with the contractors and unions to hire locally and provide family healthcare and a career path for residents. Would you support executive or legislative action putting PLA's on all contracts over \$500,000?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO

<p>Comments:</p> <p>I support putting PLA's on all state projects over \$500,000 and would support additional legislation aimed at concluding projects ahead of schedule and under budget.</p>	
<p>20. Currently the low bid system of contracting is a race towards the bottom for the federal, state and local government. Would you support moving contracting towards best value contracting which will allow extra points for contractors who provide apprentice programs, hire locally, provide family healthcare and pensions making it more likely that the contractor that does more for his employee's and the community will get the contract?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p> <p>I support allowing the state to consider the existence of these policies as plus factors, but it is imperative that these factors do not overwhelm the entire bidding process.</p>	
<p>21. Do you support requiring all contractors and subcontractors who bid for jobs on publicly-subsidized construction projects to participate in apprenticeship programs that provide employees with free training for life?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p>	
<p>22. Do you support the requirement that a prevailing wage be paid to construction workers on all projects initiated by a public entity, whether or not that public entity has given hiring authority to private developers?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p>	
<p>23. Electricity deregulation for residential ratepayers created de facto monopoly electricity providers gouging ratepayers in most parts of Maryland. Do you support re-regulating Maryland's residential electricity system with a carve-out for new merchant plants already slated for construction at Calvert Cliffs?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p>	

24. As you may know, electricity deregulation has been a disaster for Maryland ratepayers and financial deregulation facilitated the worse financial crisis in this country since the Great Depression. Earlier this year, the Maryland Public Service Commission approved a settlement offer from Verizon, deregulating basic telephone service in Maryland, even though Verizon readily admits deregulation will lead to higher prices for basic telephone service. Would you support legislation to strengthen the ability of the Public Service Commission to re-regulate the telecommunications industry?

YES OR NO

Comments:
I want the Commission to take a hard look at this issue once it has been given an increased authority to regulate the telecommunications industry.

25. All across the country, Verizon has attempted to sell its rural basic telephone networks to undercapitalized companies, where perversely the more debt the buying company incurs, the larger the federal tax credit Verizon receives from the sale. In the four states where Verizon has been allowed to sell their rural lines, the buying company has gone bankrupt; leaving states and basic telephone customers scrambling to maintain service. Would you support legislation requiring the Public Service Commission to evaluate specific factors about the purchase when considering a telecommunications acquisition or merger like SB667/HB937?

YES OR NO

Comments:

26. In an effort to keep and grow jobs in Maryland, would you support legislation requiring telecommunications companies to disclose the location of call centers, allow state agencies to give preference to companies that use local call centers when awarding state contracts and allow consumers to request their customer service calls be handled by a local call center?

YES OR NO

Comments:

27. Would you support legislation providing consumer protections for cell phone users ensuring appropriate disclosure of fees and the ability to cancel a service contract or return a device within a certain time-frame like SB1008/HB1018?

YES OR NO

Comments:
Trial periods should be a boon to phone companies since they allow users to experiment with different phones, thereby increasing customer satisfaction in the phones they eventually purchase.

<p>28. Retail is one of the fastest growing sectors of Maryland's economy, yet retail jobs are some of the lowest paying jobs which usually do not offer benefits, forcing many of their workers to rely on some form of public assistance. Would you support a bill that would require large employers who build new stores in Maryland over 75,000 square feet to pay a "living wage" with benefits as well as be required to adhere to local hiring provisions?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I would also such a bill covering all current stores larger than 75,000 square feet owned by large multi-state employers as well.</p>	
<p>29. As you may know, Maryland's alcohol taxes have not been raised in over 40 years and are some of the lowest in the nation, though alcohol-related health concerns cost Marylanders millions of dollars every year. Would you support increasing the state alcohol taxes if the revenue is tied to expanding health coverage and access for Marylanders?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I support updating the alcohol tax and requiring that the increased revenue from the tax could only be used to expand health coverage and access for Marylanders.</p>	
<p>30. Do you support increasing the gas tax to fund expansion of transportation projects, including mass transportation?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I want the General Assembly to consider instituting a progressive gas tax that would not unfairly burden people making below 200% of poverty.</p>	
<p>31. Do you support extending collective bargaining rights to Adjunct Faculty and Graduate Student employees at all public institutions of higher education in Maryland, allowing these workers their right to decide to join a union or not?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments:</p>	
<p>32. As you may know, the Maryland Attorney General recently released an opinion stating that Maryland permits the recognition of valid out-of-state marriages of same sex couples. Do you support legislation to ensure all gay and lesbian couples have access to full civil marriage equality in Maryland?</p>	<input checked="" type="checkbox"/> YES OR <input type="checkbox"/> NO
<p>Comments: I believe in equal protections under the law.</p>	

Assisting Progressive Maryland & Allies

33. For the measures above that you have agreed to support would you be willing to:

- Co-sponsor legislation? YES OR NO
- Work with our lobbyists to pass the bill? YES OR NO
